## Who We Are

ClimAir PLAVA Kunststoffe GmbH, located in Karben, Hessen, was founded by Guido Hommel 50 years ago. Since then, the company has been an integral part of the automotive industry and offers its products worldwide. The business which began in a small workshop in the early 1970s developed into a company employing more than 100 employees manufacturing the products that makes ClimAir so well known in over 40,000 sqm of factory and office space.

1970

Established as "Guido Hommel Kunststoff-ferzeugnisse", focusing on the production of the center console for the VW Beetle

1974

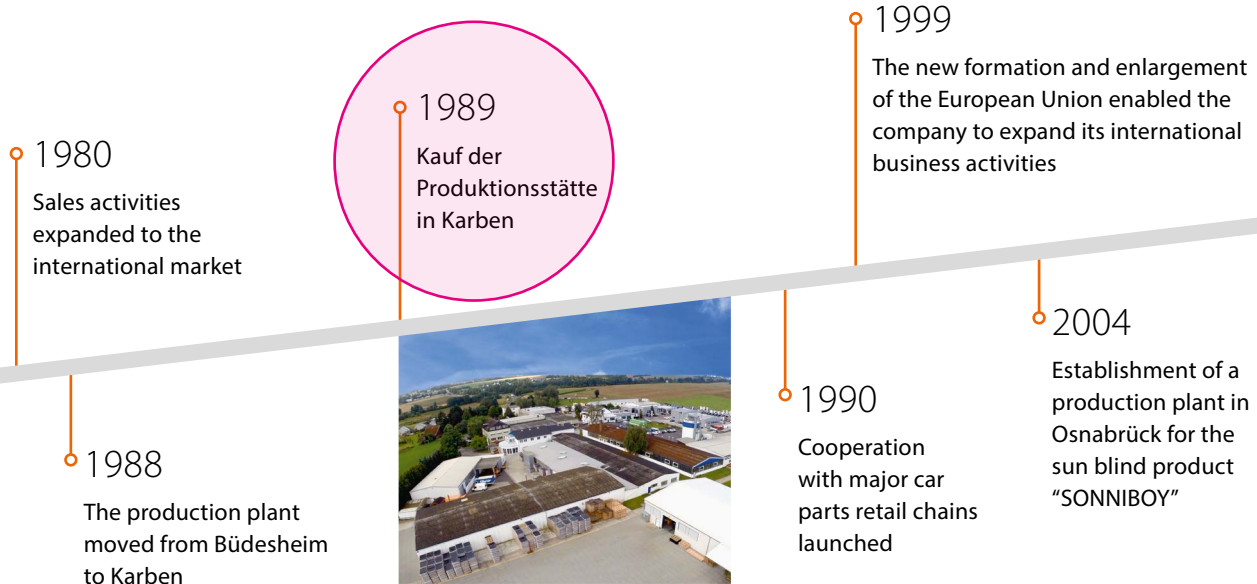

Company name changed to "PLAVA Kunststoffe GmbH",  
the birth of car the side  
window air deflector =  
rain and wind deflector

1978

Company name changed to  
"ClimAir PLAVA  
Kunststoffe GmbH"

1980

Development for  
the sleeping cabin  
of the trucks –  
a leader in the truck  
spoiler business

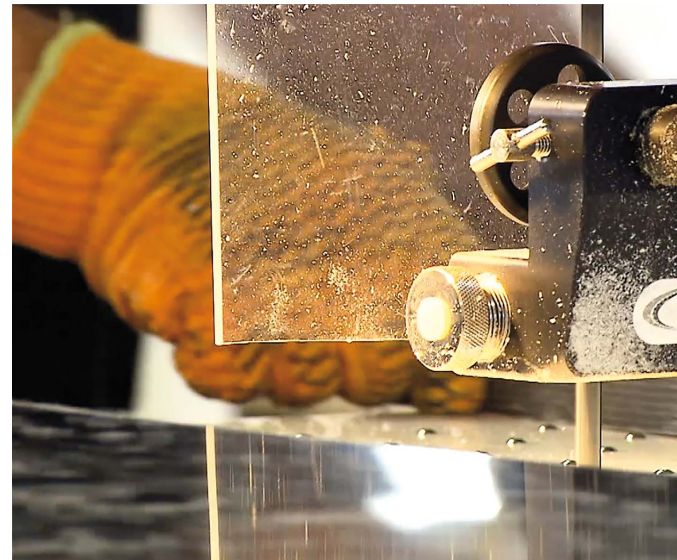

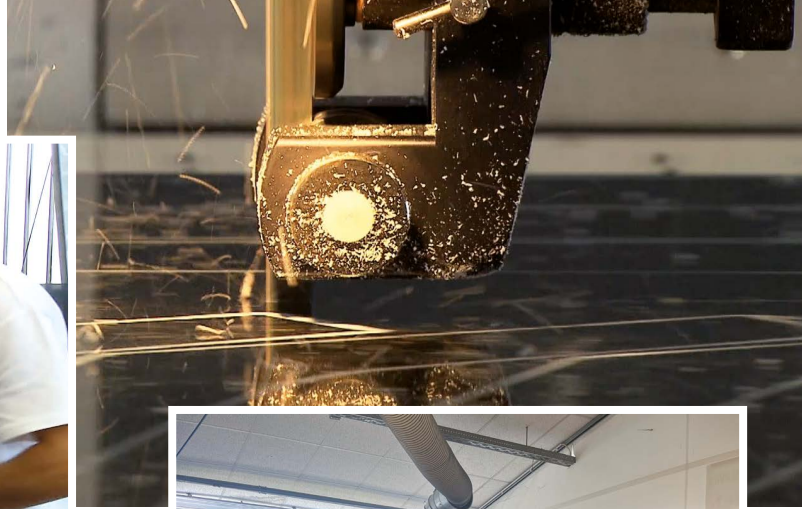

*"ClimAir is and will be a source of ideas and a developer of components that are standard quality for cars and commercials. The company holds 18 patents."*

*"Production has been in Germany for over 50 years."*

### The philosophy of our company

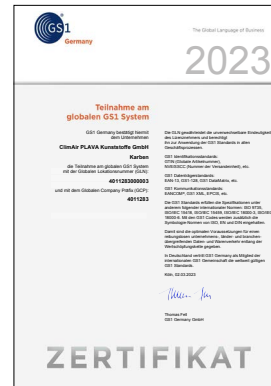

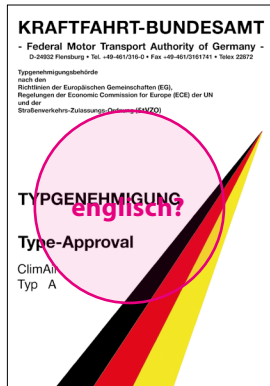

We have always manufactured "Made in Germany" quality and reliability. ClimAir has been manufacturing in Germany for over 50 years, and thanks to the special composition of our products, we continue delivering exceptional quality with 10-year warranty till nowadays. This is standart for more than 2,400 models of more than 80 car brands. Our products are consequently developed at the company headquarter and we attach great importance to the latest production machinery to consistently maintain our standards and provide our employees a modern and attractive labour environment.

## Things making us special

Apart from our passion for our products, we place great importance on quality. We want to offer our customers high comfort and safety in their vehicles. Therefore, our products are certified and have received multiple awards. We ensure that our products meet the standards required for the safe operation of a vehicle. **We offer a 10-year guarantee on weather resistance.**

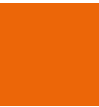

ISO 9100:20215

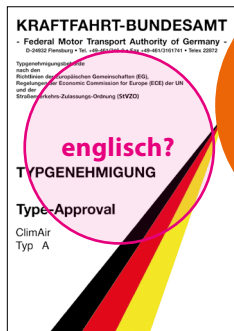

Unsere Regen- und Windabweiser verfügen über eine ABE (allgemeine Betriebserlaubnis) nach StVZO. Das bietet Schutz im Alltag und auch im Versicherungsfall.

„Als einziger Lieferant zugelassen für die Schweiz.“

## Was uns wichtig ist

Natürlich stehen unsere Produkte im Vordergrund unseres Handelns. Denn sie sind das, was ClimAir weltweit bekannt gemacht hat und wofür wir stehen. Anfängern hat vor über 50 Jahren alles mit unserem „Hero“, dem Regen- und Windabweiser. Über die Jahre sind nicht nur viele passgenaue Ausführungen für viele Modelle hinzugekommen, sondern auch die Produktpalette hat sich erweitert.

## Our Hero – The Rain and Wind Deflector

The side-mounted air deflector (wind deflector) has a special way of production. Even today, ClimAir is the only company worldwide that manufactures by using 14 special steps, ensuring the tension of individual molecules remaining weather-resistant for many years. This enables ClimAir to offer a **10-years weather resistance warranty** for rain and wind deflectors. The rain and wind deflector is also available for sliding roofs (OPENAIR) or as hood wind deflector for many cars in the meantime.

Sorgt für mehr Luftkomfort  
im Fahrzeuginnenraum,  
bei jedem Wetter.

## Our Sonniboy – The Sun blind

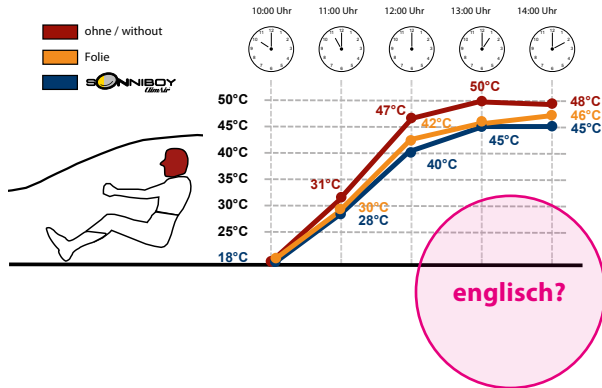

The sun blind is special as well, since the Sonniboy is tailor-made for each car, providing optimal protection from sunlight or working as bug blocker. This enables children or small pets to be safe inside the vehicle. The Sonniboy is quickly and easily fitted into the car interior, enables the windows remaining opened undisturbed. The Sonniboy demonstrably reduces heating inside the vehicle.

## Our Security – Boot and sill Protection

Safety is important to us, not just in terms of product quality. To make vehicles even safer, we have developed additional practical aids that significantly optimize everyday life in the vehicle. Today, the load edge protection is also a globally popular product, which we also make in Karben.

**It is easy to fit, protects from scratches or wear and tear due to frequent loading and unloading.**

## Our Commitment

ClimAir also is committed to high social engagement. For many, many years, founder and owner Guido Hommel has been dedicated to help people whose life is not that fortunate. He supported various initiatives, such as **Lebenshilfe Gießen e.V.**, **Schwester Sigrid e.V.**, or smaller clubs by his classic car rally "ClimAir Rallye around Karben," such as **Muko-Hilfe Karben** or the **Sultan project**. These donations have enabled many important projects and helped many people.

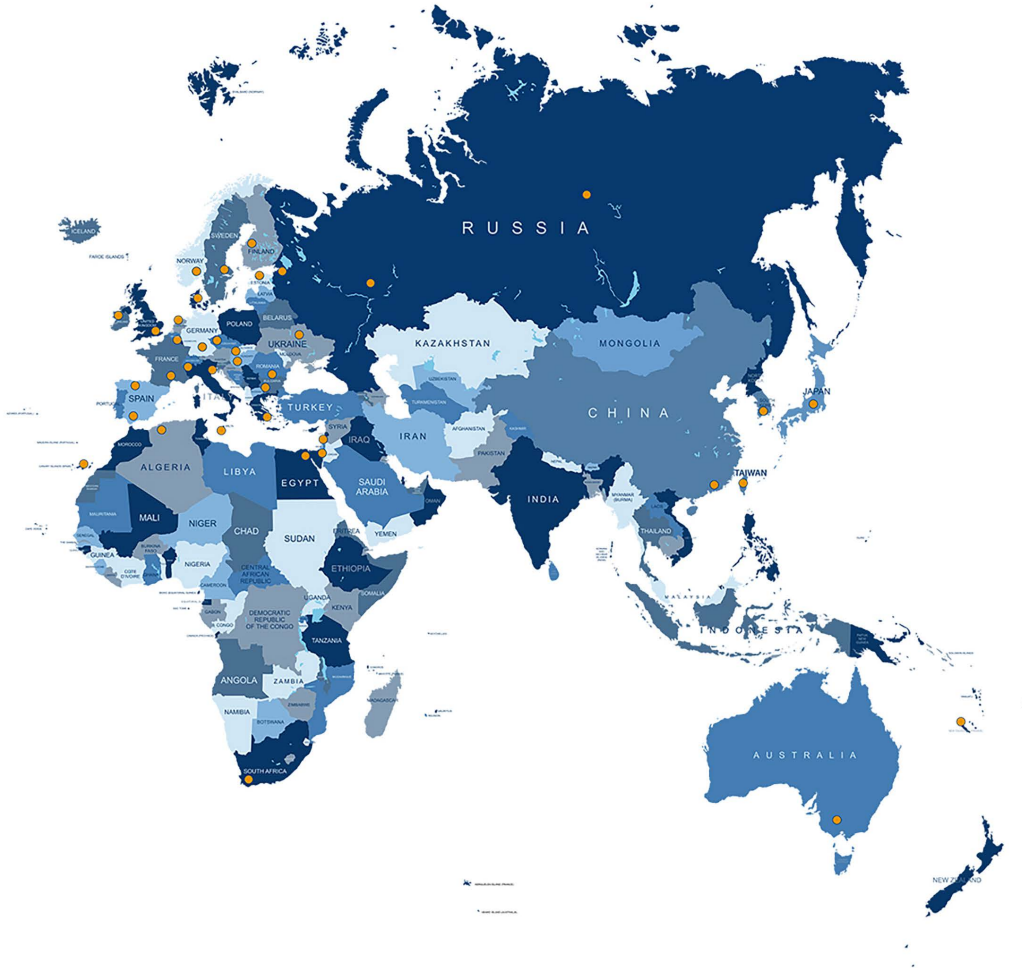

„Es ist mir schon immer ein großes Anliegen, Menschen zu unterstützen, die Hilfe benötigen. Daher spendet ClimAir schon seit den 80er Jahren und unterstützt so verschiedenste Einrichtungen. Ob im Rahmen unserer Weihnachtsfeier oder bei großen Events wie der Oldtimer-Rallye. Wir nutzen unsere Bekanntheit, um zu helfen und etwas weiterzugeben.“
